Simplify your everyday working life

+ Ergonomic
All fume cupboard functions can conveniently be controlled simply by TouchTronic.

+ Fast
High processing power during operation

+ Individual
Configure functions to suit your work.

+ IPS-Touchscreen
High-contrast screen, can be operated with gloves.

+ Hazardous substance display
Pictograms indicate all visible hazardous substances used.

More than a control device. Your features at a glance:

▶ AirMonitor
Electronic air-flow monitoring for volume flow and face velocity.

▶ AirControl
Variable exhaust air control.

▶ LevelControl
Monitored filling levels for fluid collection.

▶ AutoProtect
Automatic opening and closing of the sash. Conveniently by foot switch, when no hand is free.

▶ CloseGuard
Automatic sash stops when obstacles detected.

▶ VarioTop
Individual working heights.
